THE INNOVATION
CORPORATE

ABOUT US

AxonTec, recognized as one of the premier ELV integrators in Saudi Arabia, specializes in developing industry-specific, customized solutions in Riyadh for clients. Our focus is on meeting their requirements and addressing key challenges with strategic solutions. Being based in Riyadh gives us a significant advantage in delivering and implementing ELV solutions across Saudi Arabia.

We are also proud to be considered one of the best CCTV system installation companies in Riyadh, Jeddah, and Dammam. As a project management and security system installation company headquartered in Riyadh, AxonTec Security Solutions offers turnkey ELV solutions, system integration, CCTV project design, and commissioning tailored to our customers' needs. Our goal is to create more innovative, safer, and secure environments in both private and public spaces throughout the al-Khobar area.

MISSION, VISION AND VALUES

OUR MISSION

Our mission is to offer customers a diverse range of top quality products, excellent service, and competitive prices. Our Service Department is staffed with qualified technicians, and we prioritze providing the best care for post service support at all times.

OUR VISION

Our goal is to become a leader in the security surveillance field by delivering excellent service through our professional team, honoring our commitments, and promoting environmental responsibility. We are dedicated to fostering close and friendly business relationships with clients throughout the Middle East. Our aim is to position ourselves as a top system integrator, enabling us to stand out from competitors and offer unique value to our clients.

OUR VALUES

Our company values are centered around trust, positivity, quality, and accountability, with a focus on the family aspect. We expect every new member of the Zero Fire team to be accepted, valued by all, and committed to maintaining these values as we grow personally and as a team.

Our value is to create a professional dedicated work
